Description

This near pair of tables have nicely moulded tops, with a pieced frieze below on all four sides and are raised on four square splayed tapered legs with a very useful lower tier which could be used for books. You will find on one table on the underside of the lower tier there is an impressed number stamp of 4 9 3 as per photo from when it was manufactured and again the other table has an impressed number stamp 7 0 2 as per photo from when it was manufactured. These two beautiful tables are from the arts and crafts period and are dated circa early 20c. As mentioned these two tables are more than lightly by Liberty and Co. These two tables are nearly identical in every way, the only real difference is the impressed stamp marks don't match so they did not start out as a pair, hence why we are selling them as a near pair. More photos to come soon. For delivery to mainland England and Wales there will be a small contribution towards delivery costs, all other areas please contact us for a quote, alternatively please collect for free.
