Description

This table was made during the aesthetic movement period and is dated circa 1890. The table has a square top and stands on four finely turned legs and on its original casters. The lower tier has turned spindles to make an open gallery on all four sides, with arched gothic brackets below. This table would be great next to a bed or a sofa. For delivery to mainland England and Wales there will be a small contribution towards delivery costs, all other areas please contact us for a quote, alternatively please collect for free.
